Subject: [SPAM] West Lake Landfill Dialogue Framework

Hi Ben,

I left a voicemail before the holidays, but you may have already left the country by that time. In your absence I spoke with Gina Cerasani, and she urged me to find some candidates for your consideration and provide them to you upon your return.

I sent a notice of opportunity to about a half-dozen of our subcontractor service providers and asked them to submit a response of five or fewer pages addressing the selection criteria in the Technical Directive. I received four responses, all of which are attached. I can provide additional information on any of the candidates (I know each well), but I'd prefer you review the responses with fresh eyes.

Kindly review the responses and let me know:

1. If you need more information
2. If you have a recommended service provider based on the written responses
3. If you'd like me to set up phone interviews with any of the candidates (I suggest no more than 2 interviews).

Thanks.

Steve
